Child Safe Standards

Applicants providing services to children must complete the Child Wellbeing and Safety Declaration in the application form. Organisations must comply with the Child Safety and Wellbeing Act 2005, which includes implementing child safe standards.

All children have the right to feel safe and be safe, but safety does not just happen. Victorian organisations that provide services or facilities for children (anyone under 18 years old) are required by law to implement Child Safe Standards to protect children from harm.

A child safe organisation takes deliberate steps to safeguard children from physical, sexual, emotional and psychological abuse and neglect. It puts childrens safety and wellbeing first and embeds a commitment to child safety in every aspect of the organisation. Victorias mandatory Child Safe Standards (the Standards) have been in effect since 2016.

Following a Royal Commission, the Victorian Government reviewed the Standards. The review found strong support for the Standards and recommended a number of changes to better align the Standards with the National Principles for Child Safe Organisations, and to strengthen administration of the Standards. In line with these recommendations, the new Standards were released by the Victorian Government in 2021. They consist of 11 updated Standards and apply from 1 July 2022.

More information on the Child Safe Standards and the Reportable Conduct Scheme can be found on the Commission for Children and Young People website or at <https://ccyp.vic.gov.au/child-safety/>

I confirm that:

- Our project involving direct contact with children and young people under the age of 18 will be compliant with legislation and regulations relating to child safety including but not limited to the Child Wellbeing Safety Act (2005). In addition, I have read and understand Council's Child Wellbeing and Safety Policy and I agree to work in compliance with Wellington Shire Council's requirements and /or Victorian Child Safe Standards.
- All staff, committee/board members and volunteers who have direct contact with children via the funded project understand the Child Safe Standards and their requirements and will have a Working With Children Check (WWCC) in place prior to the commencement of the funded project. Routine systems are also in place to monitor WWCC's including that your organisation details are registered on individuals WWCC.
